Re: KLIT(FM), Eagle Pass, Texas  
La Nueva Cadena Radio Luz, Incorporated  
Facility ID No. 86722  
File No. BPED-20110502AET

Dear Counsel:

This letter is in reference to the above-captioned application for construction permit which proposes to change the authorized KLIT(FM) community of license, transmitter site, and antenna height.

An engineering review of the application reveals that the proposal violates the contour protection requirements of 47 C.F.R. § 73.509(a). Specifically, the proposal would receive prohibited contour overlap from the authorized facilities of a new channel 214C1 FM station at Batesville, Texas (File No. BNPED-20071016AFD). This constitutes an acceptance defect.

Accordingly, application BPED-20110502AET is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

Susan N. Crawford  
Assistant Chief  
Audio Division  
Media Bureau
